

## QUICK REFERENCE GUIDE

### Welcome, Preferred Provider!

American Choice Healthcare (ACH) welcomes you to our Preferred Provider Network! Our provider network is comprised of Participant Providers (Primary Care Physicians) and Preferred Providers (specialists and other ancillary and facility providers) who work together to provide coordinated, high-quality care to Medicare patients they serve. ACH gathers practice data and reviews claims data of patients who are attributed to ACH. Through preventive health and data driven coordination of care, ACH helps elevate the quality of patient care and increases patient engagement.

Illinois  
Missouri  
Oklahoma

#### PROVIDER UPDATES

ACH makes every effort to ensure that the provider information we have on file is current. Updates for your organization such as a new or terminated provider, a new or updated billing Tax Identification Number (TIN), or demographic updates such as a phone number or new office location should be communicated to us as quickly as possible. To assist with communication, please complete the Provider Update form found [HERE](#) and send to our Preferred Provider Network (PPN) Team at: [ppninfo@americanchoicehealthcare.com](mailto:ppninfo@americanchoicehealthcare.com)

#### CLAIMS

ACH does not adjudicate claims from Participant or Preferred providers. All ACH contracted providers are responsible for submitting claims directly to CMS for payment of services rendered to ACO REACH beneficiaries pursuant to the ACO REACH Model Program.
